## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-6, 12, 18, and 19 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mahmoodi (DE 296 18 925 U1).

As seen in Figures 1-4, Mahmoodi discloses a valve shield comprising a shaped sheet of material adapted to be fixed to the annulus of a valve, said shaped sheet of material having a given surface area configured to match at least a portion of at least one leaflet of the valve, and said shaped sheet of material adapted to contact the at least a portion of the at least one leaflet of the valve (first interpretation: the bottom crescent-shaped bar is configured to match and is adapted to contact at least one leaflet of the valve; second interpretation: each of the two crescent-shaped crossbars shown in Figure 4 are configured to match and are adapted to contact at least one leaflet of the valve) so as to assist or replace the closing function of that valve leaflet (compare Figure 3 with Figure 4; see entire document).

### ***Response to Arguments***

3. Applicant's arguments with respect to claims 1 and 18 are have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Wright et al. (US 5,201,880), Gundry (US 6,524,338), Liddicoat et al.
